PROJECTS

Keralolsavam Management Platform. Built a website to manage the Keralolsavam (cultural and sports competitions of Kerala in which students participate from all districts) Pre-Events of Ernakulam District.The project had features like live news,event participant listing,assigning of chest no's to participants,live scoreboard and also results.It had an admin and a official dashboard.Admin has the right to add news and assign officials different events.The officials has the right to update score for each participant and also assign chest no's too.The officials can also update news.The winners are calculated automatically based on the marks and there are much more features too.. ([Try it here](#))

IEDC MEC Collab. Collab MEC envisions creating world class developers and world class projects and a wide network of developers.Collab MEC sets its sights on enhancing the coding culture in MEC and in turn the quality of projects and developers made in MEC. With Collab, every developer finds a project and every project finds its developers.([Try it here](#))

Blind Guru. Developing A Web-App for blind people for helping them read SMS , Whatsapp Messages,Facebook Captions,Twitter Feeds,etc...This project got one of the top prizes for Beach Hack 4.([Try it here](#))

Simplify Chat 2.0. A fully functional MERN Chatting App with features like group chats and realtime notifications too.([Try it here](#))

Rainbow A fnon toxic social media platform.([Try it here](#))
